Through this initial encounter, the young man's entire family came to know the Lord, and in due course, he was called by God into the ministry of spreading the gospel. THE PROVERBS 12 MAN

The Proverbs 12 Man is an exposition of the twelfth chapter of Proverbs. Biblical principles and instructions for implementing those principles are given for the maturing man who chooses to live godly. Consequences of rejecting those principles are presented to attempt to restrain the young man who is choosing a destructive path. The maturing godly man is encouraged to be observant of those around him and give attention to their needs.

ELIJAH: THE MAN OF GOD

This book explores the character and events in the life of Elijah, the Old Testament prophet. Although serving God during a time of great wickedness in Israel, he was sensitive to God's call and willing to do whatever God demanded even though his human weaknesses were revealed at the brook Cherith. Elijah was not a super saint as he often cried out to God complaining about his condition. Within the seven miracles God performed through Elijah, practical applications of spiritual growth are presented through his responses. Even though his human weaknesses often troubled him, he never shirked his commitment to God's call on his life.

Revealing Islam By Dr. Robert Keeton

Since May of 1996, Dr. Robert Keeton has taught missionaries and held church seminars on the religion of Islam. In *Revealing Islam*, Dr. Keeton gives us an informative look at the beliefs and practices of Islam that will help to equip the reader with knowledge of how to reach them. This instructional book reveals his research to us, and the blessing he has had to put his findings into practice. He does this by providing examples of his experiences witnessing to many Muslims and seeing them come to Christ.

Dr. Keeton also reveals the rapid advance of Islam in our present day and its emerging role as the one-world religious platform for the antichrist during the tribulation period.

This is a wonderful resource, and has been instrumental in many accepting Christ as Saviour through the Biblical principles it presents.
